Feels like you're in the wrong, somehow

Looks like I'm the first customer of the night
And it's awkward being in a new restaurant for the first time.
Better get wasted quick
Bloh bloh bloh

Suzu... Suzu

note: oshibori is a clean damp towel to wipe your hands with before eating

note: Other employees will sometimes repeat back the order when it gets yelled out like this even if they're doing something unrelated as seen here. It's also kind of pointless so they usually half-ass saying it as seen here.
